Our school Canteen (Kids' Café) will be online in 2018!

In 2018 our Canteen will be offering an online service for ordering. My School Connect offers a cashless ordering system which is easy, safe and secure to use. We encourage families to begin using this service as the range of foods offered online will be wider and more cost effective. There will be transition period where lunch orders will be offered in the current format, however the menu will be limited and slightly more expensive.

As an incentive for families to utilise My School Connect, there will be an opening special. Zooper Doopers will be available to order for .20c each (limited to one per order) and will only be available with online orders and not sold over the counter.

My School connect three payment options:

- **Direct bank transfer—the most cost effective method.** Transfer a chosen amount to your account with My School Connect and draw on it each time you place an order. Please allow up to 5 days for credit to appear on your account, as ordering will not be possible until funds have cleared. ***There is no charge for this service.***
- **Credit card**—there are two options:
 1. Charge a chosen amount from your credit card to your My School Connect account and draw on it each time you place an order. A merchant fee of 1.9% will be charged on your transferred amount. Orders can be placed up to and including the day required.
 2. Use your card to pay each time you place an order. A merchant fee of 1.9% will be charged on each order.
- **Paypal**—there are two options:
 1. Charge a chosen amount from your Paypal account to your My School Connect account and draw on it each time you place an order. A merchant fee of 2.9% will be charged on your transferred amount. Orders can be placed up to and including the day required.
 2. Use Paypal to pay each time you place an order. A merchant fee of 2.9% will be charged on each order.

To register with My School Connect:

Download the free app  or access www.myschoolconnect.com.au/rollinghills. There is also a link on our school website and under 'School Favourites' under the ★ on the taskbar of Compass.

Step 1: Register your account on any device by logging into the above website and click on 'Create an Account'. Follow the prompts to add your email and password.

Step 2: Add your child as a student and ensure you select your school and 2018 classroom details. Online ordering caters for allergies, so you can enter appropriate details when adding your student.

Step 3: Select 'Top Up' to add money to your account via direct deposit, but allow 3-5 days to process prior to ordering. You can also use credit card or Paypal, however these incur a transaction fee. You can pay as you go by skipping the pop-up screen for adding funds and go directly to placing an order.

Step 4: To start ordering lunches, select your student and click 'Buy Now' and you can place an order for that day or any canteen day in advance.

Step 5: Once you have completed your order, view your order summary in the cart and proceed to checkout. Select your preferred form of payment and submit. All orders are confirmed via email.

Please note, only paid orders will be sent to the Canteen, not those still sitting in your cart.

A hard copy of this notice will be sent home this week. We encourage families to register and set up their account over the holidays. Feel free to explore the website, however please note that orders will not be accepted until Canteen's first operating day for 2018 which will be Friday, 2nd February.

If continuing to order using the current format, we have also sent home a modified menu for Term 1, 2018 for this purpose. Please note, this will only be available for a short period as we transition to whole school online ordering.

If you have any queries about this service, please contact My School Connect directly on 8669 1869.

They have a 7-day a week Support Line.
